

IELTS Guarantee Class:

IELTS Guaranteed Class: Start from 10:00am to 5:00pm five days a week for 12 weeks with strong emphasis on both academic test preparation and real test skills. The class is divided into four sections: listening, speaking, reading and writing, and each day the students will study one section in detail. Students will also get a free vocabulary and grammar class once a week in order to improve their English level. Students will have a lot of chances to get personal evaluations and suggestions of their IELTS study from the instructor after class. In this class, students will be strongly encouraged to come to school everyday, and they will be assigned a lot of extra practices based on their personal situations in order to improve their IELTS score as much as possible. Students will be allowed to free retake this class for one month if they do not achieve their target score. To take this class, students will be guaranteed to get a lot of special individual help from the instructor, and one-on-one teaching assistants are largely encouraged.
